

Software Systems Verification and Validation

Assoc. prof. dr. Andreea Vescan Lecture 5: Agile Testing

Babeş-Bolyai University

Cluj-Napoca

2019-2020

Outline

- Agile Testing
 - **Video presentations – 10 minutes**
 - **Session Based Test Management [SBTM]**
 - Exploratory testing - 10 min.
 - Ready for rent? - 20 min. activity + 10 min. debriefing
- Beata Lorincz (Project Manager, PhD student)
- Flavia Borodi (Project Manager, PhD student)

Agile Testing

- Video presentations (from 2019)
 - Created by a team
 - Each video ~ 5 minutes
 - Audio + written + visual
 - Send by email the link for your video – 1 day before the presentation
- Team 1
- **Team 2 - 3:44**
- **Team 3 - 5:27**
- Team 4

Session Based Test Management [SBTM]

- A method [SBTM] for measuring and managing **exploratory testing**.
- <http://www.satisfice.com/sbtm/>
- <http://www.satisfice.com/articles/sbtm.pdf>
- An approach to testing with:
 - No test cases
 - No expected results
 - No pass/fails metrics
- Testing on a project is divided up into focused “sessions” of exploratory testing.
- A test session
 - A dedicated and uninterrupted period of exploratory testing.
 - Focused on a set objectives defined in a “charter”
 - Generates notes and lightweight reporting on the testing carried out.
 - The testing task is expected to change and evolve.
- **Exploratory testing**
 - **Is not random**
 - **Is creative and requires intelligent thoughts.**

Session Based Test Management [SBTM]

- **Planning**
 - Charter: a single sentence that sets the scope of the testing
 - What you will test
 - How you plan to test it
 - The information you hope to provide.
 - That scope should be achieved in 90 minutes.
 - Charter are basis of estimation and coverage.
- **Testing**
 - A dedicated and uninterrupted period of testing (no meetings, no email)
 - Use testing experience or instinct; use your domain knowledge
 - Test scenarios could be ok, but not pre-scripted steps
 - Use the software, observe it and be alert of new questions or test ideas
 - Encourage thinking beyond specific features or tasks in isolation.
 - Fully imagine and describe users of the software
- **Note taking/ Reporting**
 - Not just pass/fail count: What you did. Why you did it. What you saw. What questions and ideas you had. Any frustrations/blocks.

SBTM [SBTM]

- Jonathan Bach – course on Session Bases Test Management
- Example:
 - Applied: Sanity and Survey Testing Focus Writer.
 - Software: Focus Writer.
- Computed metrics**

- Test
- Bug
- Setup
- OffCharter
- Note
- Question
- NextTime
- Data

Session end.Duration		52
Number of bugs		4
Time on Test (mins)		44
Time on Setup (mins)		3
Time on Bugs (mins)		3
Time Off Charter (mins)		1
Number of questions		5
Number of ideas for next time		2
Session Tester	alexandra.casapu@altom.ro	
Session Charter	Perform Sanity Testing and Survey Testing for FocusWriter	
Planned session time (mins)		60
Environment Info	Windows, Product Version: FocusWriter 1.6.2, Mac OSX version 1.6.2, on MacOSX Sierra	
Area	Menus	
Current Active Tag	Test	
Time remaining (mins):		9
Session start	SESSION ENDED!	

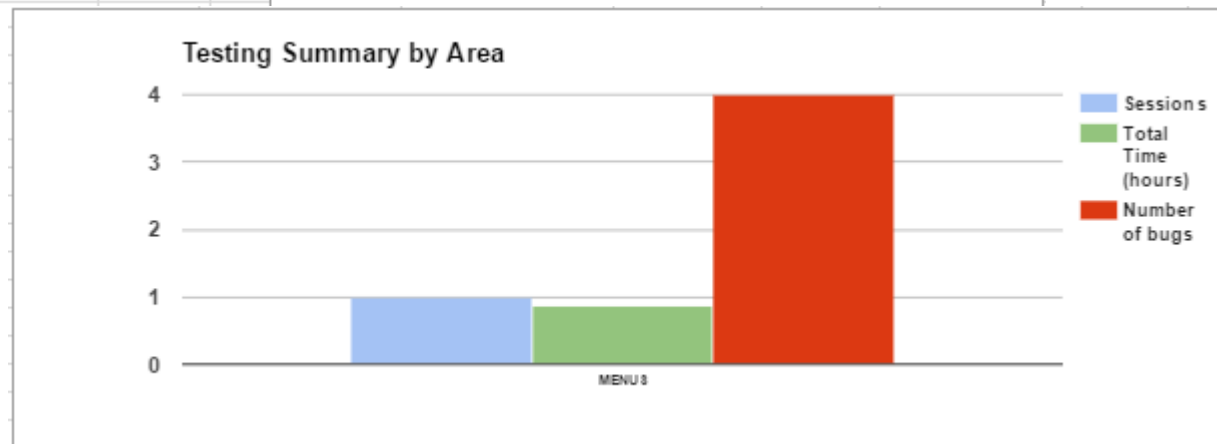

SBTM [SBTM]

Jonathan Bach – course on Session Based Test Management [RapidSoftwareTestingCourse_Altom]

Example:

- Applied: Sanity and Survey Testing Focus Writer.
- Software: Focus Writer.

Overall Summary	
Total Sessions	1
Total Time (hours)	0.87
Total Bugs	4
Time on Test (hours)	0.73
Time on Setup (hours)	0.05
Time on Bugs (hours)	0.06
Time Off Charter (hours)	0.01
Total Questions	5
Total Next Time Ideas	2

SBTM [SBTM]

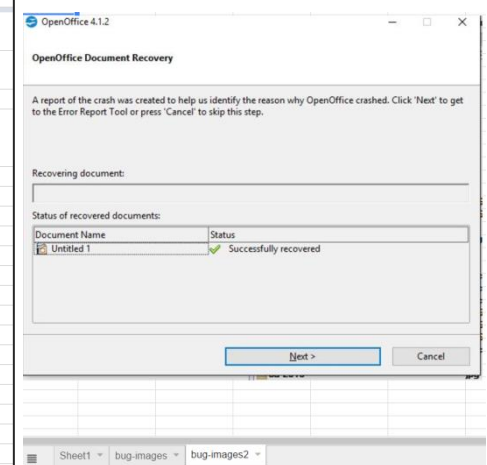

- Tabara de testare 2016
- Example:
 - Software: OpenOfficeImpress.
- Computed metrics

TABARA
DETESTARE

Session Tester	
Session Charter	AndreeaVescan
Planned session time (mins)	30 minutes
Environment Info	OpenOfficeImpress
Area	Sa aflam daca sunt buguri in Impress care ar putea determina utilizatorii sa foloseasca solutii similare
Current Active Tag	Bug
Time remaining (mins):	#NUM!
Session start	START ADDING NOTES BELOW
Test	create new template with a special font for letters (to tell an emotional story by a professional trainer/presenter) to raise the impact of the content
Note	Am creat un myOwnTemplate si am incercat sa vad daca pentru mine am gasit un tip de font apropiat de scrisul de mana si am gasit...satisfactor
Bug	nu s-a salvat formatul creat de mine
Note	am incercat sa caut pe internet fonturi care sa existe in ppt si nu in openoffice care sa fie in format de scrisoare,m-am uitat si in lista de font de la ppt dar la prima vedere nu verificat cateva care mi-au placut daca se gasesc si in openoffice
Test	am verificat pe internet daca au mai fost alti utilizatori nemultumiti de fonturile existente in openoffice
Note	ce tipuri de utilizatori sunt? cat de prioritar pentru ei era sa fie fontul cerut? Cat de critic?
Note	how to install new fonts in openoffice, v
Test	cauta pe forumuri despre bud publicity for openoffice
Note	https://forum.openoffice.org/en/forum/viewtopic.php?f=10&t=33191
Note	Difficulty aligning bullets in slide master

vezi imaginile de la bugs

SBTM

- Use SBTM for an open source application
 - **Suggestion:** Use SBTM for your Bachelor Thesis.
- SBTM template available here:
 - <https://altom.com/version-2-1-of-the-sbtm-session-template-was-released/>
 - Instructions how to use the template
 - <https://altom.com/sbtm-with-itester-and-google-drive/>

Session Based Test Management [SBTM]

- **Demo: Session Testing**
- **Mission: Ready For Rent?**
- **Time: 20 minute**
- **Debriefing: PROOF**
 - **Past + Results + Outlook + Obstacles + Feeling**

Session Based Test Management

Ready For Rent?

Mission = find “bugs” in the way the house was constructed that make the users (for rent, for buy) to search another house.

Users = Family with 3 kids (2 toddlers + 1 teenager)

Time = 20 minutes

Session Testing

[illegible]

Debriefing = P

R

F

Past

Result

Outlook

Obstacles

Feeling

Outline

- Beata Lorincz (Project Manager, PhD student)
- Flavia Borodi (Project Manager, PhD student)

Agile Teams in real projects

Outline

- Next Lecture
 - 3 April 2020 - Online
 - IT firm Invited Lecture
 - EVOZON
 - Intro to Automation Testing
 - Performance testing
 - Demo
